WHEN WALKING IN THE VILLAGE

Please take the 2 meter distancing rules seriously. This protects everyone. It is a simple and very much appreciated courtesy and no one will take offence.

If you pass people with children, or elderly people who may not be as agile, please give some thought to how much easier it may be for you to cross the road to maintain a social distance of at least 2 metres from them.

EDITORIAL

Hopefully we are past the worst and we can look forward to getting back to a rather more normal lifestyle. As you will see from the following pages some normality seems to be creeping back into village life with a full programme of events planned by the History Group and plans being made for celebrating the Queen's Platinum Jubilee, at the start of June. Those group who are already making plans would undoubtedly welcome help with the organisation and also participating in organising their own contributions to what it is hoped will be a memorable Community Event.

It was a great shame that circumstances resulted in the Epiphany Singers visit to Walsham having to be cancelled, especially as much work had been undertaken making arrangements for entertaining them and publicising the event. It is to be hoped that it will be 'third time lucky' next year. It is too good an event for the village to lose.

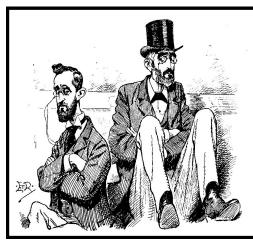

It would appear that Covid has claimed another victim. This time with the closure of The Blue Boar. Mary Jane and I were most impressed, and grateful for the 'meals on wheels' service which Joe provided during the pandemic. I am sure that we all wish Joe well for the future, and trust that the pub will not join Moriarty's in languishing on the sidelines for too long. With more people soon to arrive in the village, we need these facilities to thrive.

The group working on the Neighbourhood plan have put their findings together and a brief outline appears on Page 9, but to get greater detail you should read the report on the village website by visiting www.walsham-le-willows.org/neighbourhood-plan.

A guide to the village, the production of which was prompted by 'The Acorns' development along the Wattisfield Road, will shortly be distributed around the village. As the production of the booklet has been a few months in the producing, it is to be hoped that very little of the information, contained in it, will have changed. If you should feel tempted to make any suggestions please send them to myself in order that suitable changes can be made when it is next updated.

Hopefully, by the time the next edition of the Observer drops on your mat we shall be closer to normality and further away from the 'threats' which presently confront us.

> This month's cover picture is of the Walsham Fire Brigade outside the Temperance Hall that once stood in Nunn's Yard.

Oswald: I'm putting an event on in the village in June.

Have you any good ideas about how I can make sure that other organisers won't decide

to go for the same date?

Have you thought of giving the information to Titus:

that helpful editor of the Observer, who will put the information into the Diary of Events!

Oswald: I'll do that straight away. Thanks for the

suggestion.

NEIGHBOURHOOD WATCH NEWS

Appeal for vigilance after 'heritage' post boxes stolen

Police are appealing for people to remain vigilant to suspicious activity following a series of thefts of post boxes in Suffolk recently. They have taken place over an approximate 10 day period across the county. The first one took place on 7th January on Hinderclay Road in Rickinghall .Subsequent thefts took place at Wixoe , Cowlinge, Hawkeden. Stoke By Clare, Chedburgh, and Depden Green.

This follows on from similar thefts in March 2021 which saw a post box stolen in Stowlangtoft. Officers believe the thefts are linked and there is a pattern of the 'heritage' style ones being targeted and also they are all taken from remote and rural areas. The theft is either achieved by cutting them from their mounting metal or wood post but, also possibly, by using angle grinders and chain saws. There are a number of these style post boxes in Walsham le Willows.

Multiple thefts from Motor Vehicles in West Suffolk

Police are reminding car owners to always remove valuable items from their vehicles and ensure they are locked after multiple thefts from motor vehicles in West Suffolk recently. Locations include Bury St Edmunds, Stowmarket, Woolpit and Troston. Items stolen include cash, mobile phones and laptops.

Scam HMRC text messages.

For those of you completing your annual tax self assessment, be aware of scam text messages purporting to come from HMRC stating that you are eligible for a tax return refund if you click a link with a GOV.UK logo embedded into the text. This is a scam, forward the message to **60599** to report it to HMRC who will confirm and investigate the scam.

HOW WILL WALSHAM CELEBRATE THE QUEEN'S PLATINUM JUBILEE?

The 25th and 50th Year of Queen Elizabeth reign saw the village come together in celebration of those milestones and there is even more to celebrate this year on this, her 70th year on the throne, as the country emerges from a pandemic that our children and grandchildren will look back on in amazement.

Representatives from the Community Council and Sports Club took some first tentative steps and met on Wednesday 19th Jan to consider a potential framework for that long weekend before throwing the consideration up to the whole community for their input into both what is suggested and what involvement all of you might have in making it happen.

The basic conclusion was to split the celebrations into **Friday 3rd** at the Sports Club with a festival of sporting and recreational activities during the day to be followed by a family party in the evening and on **Sunday 5th** to organise a street party based around the Memorial Hall. Friday nights in the summer at the Sports Club have featured cricket coaching for our children and a barbecue plus live music for the rest of the family. Thoughts at this moment are to flesh that out with an afternoon of activities and events which embrace as many families as possible, some will be wacky, all should be fun but each will make use of the space available at the Club as we look for ideas to add to our first attempts below:-

- Kings and Queens wheeled race This will involve teams of two dressed as Kings and Queens racing around a circuit in a wheeled vehicle! No engines the queen must be pushed by her King!
- Best dressed dog dress your pooch in its most regal attire for a chance to be crowned Dog of the Day.
- Carve the Queen Create your best Queens head using a potato entries from all ages welcome and will be judged on the day!
- Create a Palace using only recycled materials can you build a palace? Bring your entries along to be judged on the day.

The preparations need to get underway quickly and this first meeting will be followed up by the Community Council to engage with other organisations in the village to make this a genuine community activity. Answers are needed quickly to some following thoughts: -

- Is there any bunting left from past celebrations if not can we have a communal effort to make some?
- What if any financial or physical support can be got from village businesses or trusts?
- What support should be looked for outside agencies who have plans to use the occasion to encourage the planting of trees, a new recipe for puddings as was the case with coronation chicken and queen of puddings on past jubilees.

- Does the Neighbour Plan contain any thoughts on a commemorate planting to leave a legacy of the event?
- Fun sporting competitions with particular focus around family constructs

Get yours brains at work, we need ideas and engagement by the whole village if this is going to be as memorable as jubilees in the past!

WALSHAM-LE-WILLOWS CEVC PRIMARY SCHOOL

Happy New Year to you all and welcome back to our new term; the children have come back enthused and ready to learn. A few days before we broke up last term, we went on a whole school trip to see the pantomime 'Cinderella' at Bury St Edmunds and we all really enjoyed getting out of the school and being on a trip.

The children in Caterpillar class are taking an imaginary trip to Brazil and finding out all about their lives and will be celebrating with a carnival.

The children in Ladybirds are exploring Beat, Band, Boogie and will be discovering Marching Bands and the rhythm of language. They will exploring different songs and looking at stories with alternative endings. In computing they are learning to drag objects from one place to another using the touch pad.

The children in Dragonflies are exploring misty mountains and winding rivers and are learning about states of matter in science. They will be creating diary entries for a trip on a river and in maths are working on multiplication and division.

Those in Grasshopper class are looking at the way the digestive system works and will be writing explanation texts. In maths they are working on multiplication and division and in music are singing Mama Mia.

The children in Cricket class are taking a journey into Mexico and have been tasting different foods from the country and learning a Mexican dance. They will also be learning about myths and legends and non-chronological reports.

Our theme for Collective Worship this half term is Generosity and we are looking forward to see in which different ways we can show generosity to others as we Discover, Inspire and Grow in all we do.

If you wish to make an appointment to visit or would like more information about our school, please contact Mrs McGarr, on 01359 259319 or by e-mail admin@walsham-le-willows.suffolk.sch.uk We would love to hear from you!

WALSHAM NEIGHBOURHOOD PLAN

Thank you to all those who sent in responses. The data from the survey will now go forwards to shape the Neighbourhood Plan. To see all the results please log in to www.walsham-le- willows.org and click on the 'Neighbourhood plan' heading.

Here are a few headlines:

Over a quarter of all households sent in responses naming "Community", "Village" and "countryside" as the aspect 'they most value about Walsham'. The 'most important improvements' many of us want to see, involve improving parking and better traffic management. There were plenty of calls for more measures to control speeding. A significant number also expressed concern about lack of space at the School and a need for better public transport links. Many also took this opportunity to express the desire for no more housing development. A few would like to see more shops and there were several comments about the management of the village stream.

While most people say they won't be looking to move within the village during the next five years, of those who do, the same number want to upsize as want to downsize.

There were various ideas about where and where not any future development should take place. To view details please look on online at www.walsham-le-willows.org/neighbourhood-plan Several remarked they did not want to see new development leading to more traffic through the village. Others said that if future development needs to happen, it should be smaller scaled, limited to 5 or 6 houses.

In answering the question; "What features would you like to see included in any new housing development", the majority called for more trees, hedges and planting, with off street parking and informal green spaces also most mentioned. Other design criteria include more measures to reduce light pollution and ideas to encourage more wildlife and make future building more sustainable.

Among the numerous buildings people would like to see protected as heritage assets, the Arts and Crafts Martineau Cottages and Nunn's Hardware Store (Moriarty's Café) and Yard polled highly. Green spaces included the Town Farm Trust land on the Finningham Road, The Avenue, the corridor along the stream, Gallants Meadow as well as existing amenities such as the Play Area, Bowling Green, The Wild Woods and allotments.

Perhaps unsurprisingly, respondents wish to see all vistas protected but views on the approaches from east and west of the village, along The Street and the vistas from the Wild Wood towards the Church and from the top of Bribery Lane gained a good deal of mention. Two thirds of respondents would like to see more footpaths with better links to the wider network being an aspiration.

Among the under 18's there was similar strong desire to protect heritage and green spaces. There was also a call for "a better basketball court" and "better play park equipment for all ages of children."

With thanks to all those who took the trouble to respond.

Neighbourhood Plan Steering Group.

WALSHAM LE WILLOWS AND DISTRICT WI REPORT JANUARY.

Members sat down to a splendid Birthday meal in the Priory Room. Masks and distancing were observed but it was just a bit like old times! Succulent turkey or pork and apple sauce with all the trimmings piled high and what is more no washing up .That was followed up with a mountain of meringue and raspberry cream or cheese cake. There was barely room for the cheese board! Asking impossible quiz questions after that lot was bordering on cruelty but some quick witted diners found the right answers! A classic round of pass the parcel and an animated rendition of 'The twelve days of Christmas' completed a happy evening and marked the start of another year in the life of Walsham WI.

New members always welcome. Next meeting 9th February 'Confessions of a Factory Inspector' 7.45 pm Priory Room. Graham Higgins tells all!

Remember to pass your one resolution choice/vote on to Pippa Baxter (pippabaxter2@gmail.com) before 14th Feb,

HORTICULTURAL SHOW

The Horticultural Show will no longer be awarding small cash prizes for winners at the Show.

The Show does not generate enough profit to continue to give prizes; and the alternative is to increase the cost of entries which we hope to avoid.

Certificates and Cups will continue to be awarded as before.

We hope that Walsham will continue to support its Show which was founded over 150 years ago.

The list of classes for this year's Show is printed in this copy of the Observer, and may also be found on the village website.

CITIZENS ADVICE

I keep seeing on the news that my bills could be going up soon. It's making me really worried, especially as I spent more on Christmas than I should have done. How can I get my spending habits back on track in 2022?

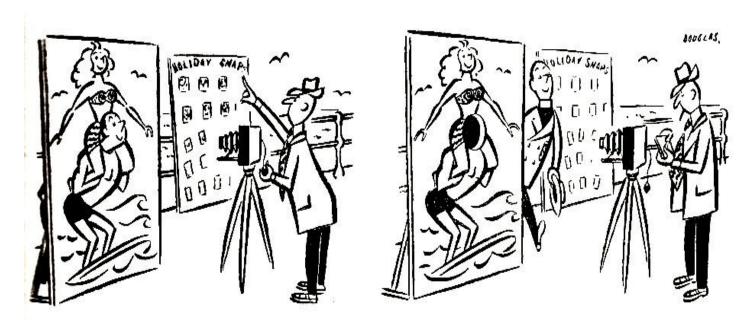

A lot of people will be asking themselves this question right now. The good news is there are lots of things you can do to be more in control of your money and better prepared for the future.

Firstly, find out exactly what money you have coming in and going out each month. Be realistic about what you need for essentials like food and travel. Then you can set yourself a budget that you can stick to - take a look at the budgeting tool on the National Citizens Advice website to help you do this. This can be found at citizensadvice.org.uk/debt-and-money/budgeting.

If any of your bills do go up in the coming year, you can go back to our budgeting tool anytime to create a new plan and stay in control. The website also has tips on how to reduce your regular living costs which you may be helpful if you find you have more money going out than coming in at any point.

If you've been using credit cards, your overdraft or store cards for your spending, it's understandable if these debts are causing you worry. It's important to prioritise paying your rent or mortgage, plus energy bills and Council Tax. Not paying these has the most serious consequences. If you need further support on this, our advisors can explain which bills you need to prioritise and the support available for paying these and other bills. We can also make sure you're getting all the income you're entitled to, such as benefits or government grants.

Citizens Advice Mid Suffolk can provide advice on this or any other issue, including debt, employment, benefits and family law. You can contact them on 01449 676060 or use the contact form at midsuffolkcab.org.uk/contact-us. For more information and our opening hours go to midsuffolkcab.org.uk.

WALSHAM HISTORY GROUP

I am very pleased to say that after a long break Walsham History Group is back once again with a full programme of events planned for the forthcoming year. We have tried to include something to appeal to all interests from medieval drama to the Falklands War. Why not have a look at the programme to see what appeals to you and come along. We are starting our programme on Wednesday 30th March with a talk by Dr John Sutton on Charles II and his links to Newmarket and its origins as a centre for horse racing. This will also be our AGM, which has been postponed for two years. However, it is planned to keep the AGM as short as possible.

The programme published here may have some minor changes and additions so please look carefully at the posters for individual events as they are published to check dates, times and especially the venues. For the moment we are staying in the MVH to allow for social distancing, but we will also be holding events in the Priory Room and St Mary's Church.

We welcome new members, but even if you aren't a member, you will be most welcome to come along to any talk or event which may interest you. We look forward to seeing you.

6 NEIGHBOURHOOD PLAN

Cllrs Belson and Mecrow advised that last meeting by zoom was very well attended. There were 142 respondents to the household survey (the last in the process towards developing a plan) which has just been published and can be found on the village website. The biggest planning issue identified was in opposition to any more development. Although in the short term this may be possible in the longer term development is probably inevitable. The only question is how much control the community will have over that when it happens. This is where a solid neighbourhood plan can help. Character Appraisal work is being finished off and Cllrs Belson and Mecrow highlighted the immense effort that group member Sally Johnston has put into this over the past weeks and months. An onsite meeting with AECOM is to happen very soon to look at the Design Code work needed. As a result of discussions in the group as to whether or not sites should be put forward, the consultants are drawing up a proposal to include carefully written policies that address the documented concerns.

7 PLAY AREA DEVELOPMENT

7.1 Sub-committee report – Cllr Kinnair reported that obtaining a written third quote required by grant funding bodies is proving quite slow but he was hopeful that this should be forthcoming very soon. A verbal quote has already been received. Of the three quotes two are much higher than the other and push up the amount of funding needed. This will be interrogated much more closely once formal tender stage is reached but Cllr Kinnair proposed that in the meantime the Parish Council commit another £15k (in principle) to assist with moving forward with the grant funding bids. This was unanimously approved. Clerk to seek advice from Badwell Ash re level of detail required for the specification for formal tender process. It is hoped that by February the Council will be in a position to go to formal tender.

8 CLERK'S REPORTS

- 8.1 **Reconciliation to 31st December 2021** The ledger reconciles with the bank balances which were duly approved and signed by Cllr Kinnair.
- 8.2 **Request for payments -** The summary of payments has been circulated in advance of the meeting and were approved then signed by Cllrs Bartholomew and Kinnair.

- 8.3 **Problem Reports SCC** Clerk to advised no real issues of note other than the Acorns hedge replanting issue which was now in the hands of SCC Highways and MSDC Planning Enforcement.
- 8.4 **Action Log** The Clerk had previously circulated a re-rated priority list, and this was approved. Cllr Roberts to forward frame sizes to Clerk for ordering of litter pick signage.
- 8.5 **Website analytics** Clerk attempted to show councillors the analytics dashboard but for some reason either broadband connection or website hosting platform was not playing ball.
- 9 MATTERS ARISING [from previous meeting only where further decisions are required]
- 9.1 Wildwood Parish Council Support Cllr Belson requested further consideration and decision on support for the Wildwood. Council discussed the costs, and it was proposed to offer a grant of £500 pa for the next three years before reviewing the position. This was carried unanimously. This is made under s.164 Public Health Act 1875. Clerk to arrange for first payment.
- 9.2 Village Gates Cllr Belson was of the opinion that this has not been properly considered as a project to be pursued. He is concerned about feasibility with regard to available verge widths. The Clerk referred council to the clarification of current position as circulated by email before the meeting (based on minutes 2.2 and 9.1 from December meeting) which noted that suggested locations have been submitted to highways for a response on costs, process, potential locations etc. No decisions to proceed any further have, or could have, been made or acted upon at this stage. Parish Councillors are not in a position to make any further decision until more information and guidance is received from Highways.
- 9.2.1 Installation of village gates the Parish Council unanimously agreed that a settled position had been reached at the December meeting to submit suggested locations for a response on feasibility and to ascertain the required process and costs.
- 9.2.2 The Parish Council resolved to wait until a response is received from Highways

- 9.3 **Four Ashes Finger Post** The Clerk referred to previously circulated quotes to a parishioner who had started to look into this. The Clerk raised the viability of the decision at the last meeting when as yet a certified contractor who is willing to take on the installation has not been found. Clerk to follow up with contact at SCC who was involved with the Community Self Help regeneration of the Four Ashes triangle to see if this can be progressed any other way.
- 9.4 CIL grant funding request for repairs to allotment sheds The previously circulated request was considered and a sum of £1000 was unanimously approved. Clerk to arrange for payment.

10 OTHER CORRESPONDENCE

10.1 **Development signage** – Cllr Bartholomew enquired as to how this could be removed. Clerk advised that as we learnt with the discussions over signage for The Acorns, these are usually on public land anyone can remove them as the developers rarely seem to do so. Only issue is the height at which they are sometimes fixed.

11 OTHER ITEMS FOR DISCUSSION

- **12 ANY OTHER BUSINESS/QUESTIONS TO THE CHAIRMAN** [No decisions can be made under AOB. Matters requiring decision must be placed on the agenda for the following meeting]
- 12.1 Village Quiz Team 2 volunteers, two more needed. Clerk to advise a Parish Council team would be put forward.
- 12.2 Cllr Bartholomew asked if the **order for the stage** could now be placed as per minute 8.3 from meeting held on 8th December 2021. Clerk to action.
- 12.3 Cllr Mecrow asked about the need for **work on trees in the closed churchyard** to deal with epicormic growth, which was last carried out some years ago now. Cllr Belson to take a look.
- 12.4 Cllr Mecrow raised issue of **lighting from sports ground** that has been arranged at an angle that is a **road traffic hazard**. Cllr Meyer advised that this had been raised at the Sports Club. Clerk to email Chairman to ask that it is rectified.

FROM ST MARY'S CHURCH

February, the month which the poet and writer Margaret Attwood labels as the 'month of despair,' perhaps rather unfairly, given that the traditional symbols for the month are the flowers of the viola, primrose and iris. The word February actually comes from the Roman 'Februa,' the Festival of Purification.

During the month there are two popular celebrations. The first traditionally held in our Churches and Cathedrals on the 2nd of the month; that of Candlemas. One of the oldest celebrations in the Church, which can trace its' roots back to the 4th century, when processions took place with lighted candles in recognition of Christ as the light of the world.

The other popular celebration is that of St Valentine's Day on 14th of the month. A time which can put pressure on those who are in a relationship to make forced displays of affection, often with unnecessary expenditure, and a time that can make those who may be unhappy at being alone, feel excluded and isolated. However, if we look at where this tradition originates, it gives us great encouragement.

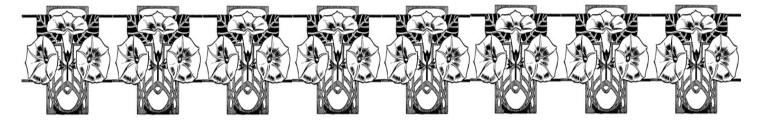

St Valentine was a Priest who was martyred in Rome upon the orders of the Emperor Claudius in about 269AD. Claudius persecuted the Church and particularly objected to marriage as it interfered with the loyalty of his soldiers going into battle. He believed that married soldiers were afraid of what might happen to their wives and families if they were killed in battle.

It was a very permissive society in which Valentine lived. Polygamy would have been much more popular than a couple choosing to live a married life together. Yet some young people were attracted to the Christian faith and to a monogamous way of life. The Church certainly believed in the sanctity of marriage and the security, mutual support and love that it could offer. Valentine, in direct opposition to the State, encouraged couples to make their vows and was therefore eventually imprisoned, tortured and killed.

It is said that while in prison, Valentine healed the daughter of Asterius, a Roman judge. Legend goes that the last words he wrote before he died were in a note to Asterius' daughter. He signed it; 'from your Valentine.' Perhaps inspiring many millions down the ages to declare their love and affection for one another.

On February 14th we can take heart from St Valentine's enthusiasm for committed relationships, whether married or otherwise; and celebrate what a wonderful gift love is when both offered and received sincerely and selflessly.

SPORTS CLUB THOUGHTS

It seems so long since the country experienced 'normal' times that one hesitates to predict that this year is going to be that, as might have been hoped for at this early stage in January. I have always understood the mantra that a business (or Sports Club) never stands still but either goes forward or back but I sometimes want to just stand still for a while and digest what we have achieved. No such luck for me with the energy and vision that exists across the Club in utilising these unusual opportunity times for grants to improve facilities for sport and buildings; here are some items that have been recently installed and some that are in the pipeline:-

- LED Floodlight replacements for tennis and artificial grass court; here the plan was to anticipate breakdowns in the old lights that would be entering their tenth year of life and also to reduce the expenditure on electricity. The LEDs have proved to be somewhat brighter than the old lights which has caused comment so when we can, we will try to reduce the angle they are set at.
- New grass cutting equipment that will get the outfield lower in the summer for cricket but still enable the football pitch to achieve the required density of sward for the new season
- A new mat for carpet bowls that will aid the growth of this indoor sport and utilise the flexibility afforded by the new dividing doors in the pavilion that permits yoga and Otago classes to happen at the same time as other activities
- Replacement double-glazed windows that will take the place of the single-glaze wooden frame windows that are showing their age. Very much hoping they go some way to capping the cost of heating the club.
- Installation of new servery and seating area to replace the old tea hut at the end of the car park past the tennis court. This will greatly improve what we can offer to the many family members who come up to support the huge number of children enjoying sport each weekend and weekday evenings.
- The provision of a cricket hut within which the electronic recording of scores can be kept without the frequent dashes back under cover as the rain comes down; it should also enable the streaming of matches for those to enjoy where attendance is not possible.
- The purchase of another set of sight screens to replace those that our old friend Ted Hubbard constructed at the farm back in the seventies.

We are sorry to hear Joe will be leaving the Blue Boar at the end of January and hope that a new landlord can take it on again before too long; we wish him well. Here at the Sports Club our bar is mainly open in conjunction with sporting activities which generally means Friday evening through to Sunday and other nights when football matches are being played. We will give consideration, as the days get longer, to increasing the opening hours if the need in the village is there; specific opening hours would be flagged up in the Observer if that was the case. Speaking of which, aren't we lucky to have a vehicle such as the Observer to inform the village of things; remember it costs you nothing to buy but has to cover costs with businesses advertising in it.

WILDLIFE IN FEBRUARY

Even though there are still frosty mornings the temperature seems to be warming up throughout this month. Amphibians such as the Common Frog rely on the temperature as a cue to wake up and start breeding. Early frogspawn is likely to be spotted in the south-west at first but it will rapidly make its way east and north as the month In 2009 a study found that for every 1 degree rise in temperature the average spawning date moves forwards by 5.1 days. As females arrive at a watery nursery full to busting with eggs, males will hop and grasp onto her back, and they can be seen wrestling each other off in an attempt to be the one to fertilise the eggs as the female lays them. Males are normally smaller in size and can also be sexed by looking at the underside of the front legs, there they have a black pad, these are called Nuptial pads which help the male hang on. A female will typically lay around 4000 eggs which she will lay in a clump, the eggs have a protective jelly around them which protect the developing tadpole. If the eggs have not been fertilised the black embryo will turn white. They will usually lay their eggs in the sunniest part of the pond. If you see eggs that have been laid in a string like fashion wrapped around pond plants, these will be Toad eggs. It may seem a lot of eggs to lay but this number is needed to ensure the survival of some young as many will be preyed on.

Talking of predators we have a little bird that comes to visit us here each winter. They are called the Grey Shrike, and come from Scandinavia. They are a rare sight as only around 100 visit Britain each year. These little birds are hunters! They will sit on an elevated perch and scan their surroundings, patiently waiting for their prey, ready to strike. Their raptorial bill is capable of despatching and tearing into rodents and other bird such as Finches and Pipits. Once they have caught and killed their prey they will not always eat it straight away, instead they have a gruesome habit of impaling the dead prey to Gorse bushes or Hawthorn trees to eat later. Not a little bird to be messed with! On a happier note 'Tis the season to be a Galanthophile' otherwise known as a lover of Snowdrops. These flowers are native to mainland Europe but have been naturalised in our woods for several centuries. They were first recorded in 1778 but were likely to be growing before then. Snowdrops are adapted to flower in mid-winter. They have a protective sheath that protects the flower stem as it pushes up though the hard ground. This modified leaf is called a Spathe. These little welcomed flowers will flower in February into March. The pure whiteness symbolises purity and innocence but they also symbolise hope that spring is on its merry way!

MINOR TALES OF THE UNEXPECTED

Many, many years ago, a lady who loved Dalmatian dogs, was driving towards Knettishall Heath in her Morris Minor Traveller car, where she was in the habit of enjoying the freedom of walking in open countryside and where her dogs could get plenty of exercise. From Hepworth she negotiated the staggered crossroad junction at Barningham and drove on along the road towards Knettishall when suddenly she saw a STOP sign, stamped her feet on clutch and brake coming to an emergency stop just as another car raced from a side road and straight across in front of her. She was badly shaken by the experience but then began to reason with herself that she had the right of way along the road. So, why did she stop? Why did the car from the side road not stop? Why had she never seen a STOP sign there before? Why, when she went to check, could she not see the sign that caused her to come to a sudden emergency halt? Later she took her husband to the site of what could have been a fatal accident but neither of them could find the sign that made her stop so abruptly. Where was the sign? Had she imagined it? Did her car somehow recognise the danger approaching along the side road and stop by itself? Was this an example of the supernatural at work?

Much, much later, a Morris Minor Saloon car was being driven along the A143 towards Diss. It was a very old car and, after 50 years on the road was in such a bad state of repair that an agreement had been entered into whereby the car would be scrapped in return for a Government Car Scrappage grant of one thousand pounds, which would provide the down payment on a brand new car which had already been chosen and signed for.

The journey of the Morris Minor to Diss came to a sudden stop at Wortham where the driver later reported a sudden wrench of the steering wheel to the left and the car coming to a stuttering halt outside Wortham Post Office, a clear decision by the car that it was not for scrapping under Chancellor Gordon Brown's scheme. And the car had its way, spending nearly two years in the Half Moon Garage at Rushall while the owners fed part of their pensions to the mechanics and engineers who rebuilt the car. So why did the car come to a sudden halt at Wortham? Why was the scrappage grant on her unredeemed? Who has ever heard of a Half Moon Garage? Is the car, now between 60 and 70 years old, still on the road? Is this another example of the supernatural at work?

Or is it a case of visitors to the Thursday morning Coffee Shop getting carried away by the lively company and telling tall tales while under the influence of fine coffee, tea and wonderful sausage rolls and cake? You should try it!!

MAGIC 22 FEBRUARY?

Allow me, first of all, to introduce you to the palindrome. It is not, as the I'm Sorry I Haven't A Clue team would suggest, your long lost friend you meet at the aerodrome but something that reads the same backwards as forwards. The first one that I was introduced to was 'Able was I ere I saw Elba' a real rib-tickler at the start of the nineteenth century when Napoleon was first captured; but that didn't last long and Boney had to be sent to St Helena, for which, as far as I know, no palindrome exists. So what has this to do with 22nd February? 12022021 12022022 12022020 13022030 13022031 23022032 04022040 14022041 24022041 24022042 November 1192 - but that is ignoring the calendar changes which have taken place in the interim. After this one there is a gap of eight years before the next, and

JOINING WALSHAM W.I.

When I first moved to Walsham I thought I would join the W I. Being the wife of the Vicar, I felt I should give it a try.

The W I is for all ages, And here we have a mix, We all have something to offer, And boxes we can tick.

Normally, we meet in the Priory Room, But it's a "50" year Celebration, So we are gathered in this lovely Church, For a very special occasion.

Covid has not beaten us, We have met in the open air, Distanced under gazebos, Chatting from our chairs.

We have a hard working committee, Who try so very hard to please, Always looking out for new things, Ideas, for us to seize. I would like to take this opportunity To share the things we do, Many quizzes and competitions, Being engulfed in PVA glue.

We have learnt about so many good causes, sometimes bringing us to tears, But we have laughed greatly too, over all those many years.

Shopping trips to Norwich, Taking in a lovely show. Flower arranging lessons And our "bottle" with a "glow".

Endless cups of tea and cake, Raffles by the score, Visiting other W.I's, And still we come back for more.

So tonight is all about our memories, As we sit here and remember. One thing I am sure we will all agree, We are proud to be W.I. members.

For the uninitiated, the rules of So-Doku are very simple.

Each row, column and large square must contain the numbers 1 to 9 inclusive.

It's as simple as that, but you must apply logic to find which number goes where.

So, beginner or expert, happy hunting!

Time Just Keeps Marching On

The Bible records some unusual things about the movement of time. For one thing we read of time standing still. In the days of Joshua, an account is given of the world's longest day (Joshua 10:12-14): it was an exceptional day when the sun stood still in the sky and time didn't move. Also, the Bible records a day when time went backwards; we often talk about 'going back in time', but it really did happen - in the days of the king Hezekiah the sundial went back by ten degrees (2 Kings 20:10).

These unusual events are exceptions to the rule; they only occurred by the supernatural power of God, because normally time makes steady progress onwards and forwards. Time doesn't move very fast, just a second at a time; it is like a snail that just crawls along, but its progress is very steady. It doesn't matter what great events happen in this world, or what great person dies, time just keeps rolling on.

Another year has recently ended and 2022 is already a month old. What a reminder this is that are lives are steadily marching past and, step by step, eternity draws closer and the Second Coming of the Lord Jesus Christ is nearer than it has ever been – but still you may resist and put off trusting Him until some more 'convenient season' (Acts 24:25).

Think for a moment on this question: why does God give us time on this earth? Is it to become rich of famous, is it to live for power or sin and pleasure? If we come to that conclusion then we are very much mistaken. Time is given for a much more noble purpose: it is given to give opportunity for a person to be Saved and to have their sins forgiven. Think of all the days and years of a life, remember that as time moves steadily on, the days remaining to prepare for eternity are ticking away – do not miss that opportunity!

Although he would later receive a full pardon, William, Lord Russell was sentenced to be executed for high treason at Lincon's Inn Field, London's largest public square. On the 21st of July 1683, as he was upon the scaffold about to be beheaded, Lord Russell took his watch from his pocket and gave it to Dr. Burnett, who was attending him, saying, "My timepiece may be of service to you, I have no further occasion for it, my thoughts are fixed on eternity."

Let us encourage you, at the beginning of this year, to also have your thoughts fixed upon eternity, and preparing for that eternity by trusting the Lord Jesus Christ as your Saviour.

Behold, now is the accepted time: Behold, now is the day of salvation.

(II Corinthians 6:2)

SPORTS CLUB REPORT

Football.

The First Team seem to now be over their little spell of poor results, although they need to start turning draws into wins if they are to finish in the top five this season. All Walsham teams however play really good attractive football and the Sports Club is well worth a visit on Saturday afternoon's. The First Team are at home on 5th, 12th and 19th February and the Reserves on 26th. All kick offs are at 3pm.

The First Team drew 0-0 at home to Hadleigh and should really have won the game. Then on an awful afternoon, weather-wise, they lost 4-1 at high flying Gorleston. In the Suffolk Premier Cup they beat Whitton United 2-1 away, with Matt Collins and Kieran Twinn being the goals corers. Mildenhall were the latest team to visit the Morrish Stadium and a win would have seen them go top but the game finished all square at 1-1 and was a great advert for the Thurlow Nunn League. Jamie Smith was our goal scorer and we were really unlucky not to win the game. The Reserves lost 2-1 at Stowmarket but a couple of wins will see them back in contention for the league title.

The A Team beat Framlingham A 2-0 and it was an excellent game to watch.

The Vets lost 2-1at home to Mendlesham but bounced back to beat Cockfield 3-0 in the Suffolk Vets Cup.

What's on

Bingo is on Sundays 30th January and 13th and 27th February starting at 7pm. Everyone is welcome.

Friday 28th January is Quiz night so you can all get in some practise for the village quiz a week later. The fun starts at 7.30 and entry is £2.50 per person. Everyone welcome.

Saturday 12th March is Irish Night with an Irish themed Disco and food and a draw with a £500 first prize, all of this for a fiver . Everyone is welcome and if past events are anything to go by it will be a great night.

For information on these and other events please contact Gordon Ross on 07790 564674 or email him at gordonaross2@gmail.com
